15 October 2021

Dear whom it may concern,

Although NEU Professionals have only been supporting Cambridge University Hospitals with recruitment for a brief time, we have found them extremely professional and knowledgeable, and have so far exceeded our expectations.

The candidates are of a high calibre and the interview days have been well organised, with clear communication between panel and candidates.

We look forward to our continued partnership with NEU Professionals.

Kind Regards

Julie Chapman  
Head of Resourcing
